

October 2nd, 2024

To Whom It May Concern,

Dear Sir/Madam,

MEMORANDUM OF AGREEMENT

The ScentLogix™ Canine Bio-detection Training Kit Collection, developed by Polymath Interscience, LLC, comprises the world's most comprehensive suite of inert Reference-Standard Materials specially formulated for the certification, imprinting, and maintenance training of working dogs used in the detection of explosives, narcotics, firearms, ammunition, IED's, HME's and other illicit and illegal materials. They are especially useful within agencies and institutions where, during operations, *"failure is not an-option."* The unique formulation and packaging, product lifespan, ease of use, and operational effectiveness of these canine biodetection training kits within operational theaters makes them superior to all other forms of K-9 detection ScentKits available.

This is to certify that Polymath Interscience LLC, manufacturer of the ScentLogix™ Brand of products, is the sole owner/manufacturer of the ScentLogix™ series of K-9 ScentKits. Polymath Interscience is also the only company authorised to provide technical support of these KitSets under its SCENTSOURCE™ Initiative.

This memorandum is to confirm the appointment of M/s. **K9 Warriors Private Limited**, located at 04 GF, Woodstock, Nirvana Country, Gurugram, Haryana – 122001, as an agent of:

- (i) our ScentLogix-K9™ brand of Non-Hazardous Scent-Training Aids for the Detection of Explosives, Narcotics, and other Illicit and Hazardous Materials;
- (ii) our ScentLogix™ Scent and Odor Attenuating Kits and Materials (SOAKs),

(iii) our ScentLogix-K9™ and SCENTSOURCE™ Training and Certification Initiatives,

for the territory of the **Republic of India** (*Bhārat Gaṇarājya*).

We hereby extend our full guarantee for supplying our products and services offered by **K9 Warriors Private Limited**.

This appointment is effective until September 30th, 2026 and is renewable upon adherence to agent requirements and mutual consent, unless revoked by either party in writing prior to expiration of appointment.

Please contact Polymath Interscience, LLC, if any additional information is needed about this appointment.

Sincerely,

David B. Adebimpe, D.Sc. (Hon), Ph.D, CChem, MRSC

Founder/CEO, Polymath Interscience, LLC

We are delighted to confer

Date: 24 September, 2024

Col (Dr) Surinder Saini (Retd)

with the award of

SCENTSOURCE™ SCENTMASTER

for your proven abilities to implement odor based values to imprint, train and certify the proficiencies of working dogs in the art and skill of K9 bio-detection at a “master” level. As SCENTSOURCE™ SCENTMASTER you are empowered to implement odor-based bio-detection values to imprint, train and certify working dogs, working dog teams, and working dog practitioners (handlers and instructors) in the art and skill of bio-detection, nationally and internationally using the SecentLogix™ brand of products and its accompanying philosophies, techniques, accessories and methods. The SCENTSOURCE™ certification program will encompass the following speciality areas:

- Explosive detection
- Drug/Narcotics detection
- Oil and Gas Pipeline Leak Detection
- Firearms and ammunition detection
- Digital storage media detection
- Animal/Human/Plant Ailment Detection
- Cargo Inspection
- Building health detection
- Cadaver/ SAR Detection
- Forensics
- Arson Detection
- Tracking
